GENERAL CONFERENCE  
Fourth Period of Sessions  
Mexico City, April 15-18, 1975

## **RESOLUTION 74 (IV)**

### **Status of the Treaty and its Additional Protocols**

#### *The General Conference,*

*Taking note* with satisfaction of the fact that the Governments of the Netherlands and Great Britain have subscribed Additional Protocol I;

*Taking note* likewise with satisfaction of the fact that the Governments of Great Britain the United States of America, France and China have subscribed Additional Protocol II, and

*Recalling* its previous Resolutions 1 (I), 12 (I), 13 (I), 25 (I), 27 (I), 34 (II) and 47 (III), as well as the appeals made by the General Assembly of the United Nations to the Governments of France and the United States of America to subscribe Additional Protocol I and to the Soviet Union to subscribe Additional Protocol II,

#### *Resolves:*

1. *To reiterate* a new and vigorous appeal to the aforementioned Governments to proceed, before February 14, 1977, Tenth Anniversary of the signature of the Treaty of Tlatelolco, to sign and ratify the Additional Protocols with the purpose that this zone be entirely integrated and protected against the vicissitudes that entail the presence of nuclear weapons.
2. *To request* the Good Offices Committee to intensify its efforts to achieve the implementation of this Resolution with the collaboration of the Secretary General.

#### *Decides:*

3. *That*, if the Governments of France, the United States of America and the Soviet Union have not heeded this appeal on the date mentioned in operative paragraph 1, the Member States will submit to the consideration of the Security Council of the United Nations the situation that these refusals create, which, if they persist will seriously threaten the objectives of the Treaty of Tlatelolco, whose validity for the maintenance of international peace and security has been widely acknowledged.
