RESOLUTION CG/E/Res.575

SPECIAL FUNDS

The General Conference,

Recalling that in its Resolution CG/Res.560 (XXIII-2013) it resolved to create, with resources from the Reserve Fund, the “Asset Renewal Fund” (FERA, for its acronym in Spanish) and to restructure the “Fund for the Promotion of Nuclear Energy for Peaceful Purposes” (FUPEN, for its acronym in Spanish) calling the latter “Education and Outreach Fund” (FED, for its acronym in Spanish);

Considering that Article 3.01 of the Amended Financial Regulations (Document CG/E/665) states that there should be two Funds for the Agency, namely “General Fund” and “Reserve Fund”;

Taking into account that Article 7.02.01 of the aforementioned Regulations states, inter alia, the annual provisions for assets renewal;

Bearing in mind the currently available resources in FERA and FED Special Funds,

Resolves:

1. **To authorize** the Secretary-General to transfer to the General Fund the currently available resources in the Special Funds, pursuant to the provisions for assets renewal stated in Article 7.02.01 of the Financial Regulations.
2. **To revoke** Resolution CG/Res.560 (XXIII-2013).
